

## HOMES ARE NEEDED FOR MANY CHILDREN AT KENTUCKY HOME

Kentucky Children's Home Makes Appeal to Kentuckians For 225 Children Without Parents.

The Kentucky Children's Home Society now has in its Receiving Home, in Louisville, 225 children. They range in age from a few weeks to eighteen years, the youngest being a little girl less than three weeks, and the oldest a girl, eighteen years of age.

Owing to the fact that we have had no medium of telling the citizens the number of children we have, we have not had as many as sufficient to place them in homes.

We make this appeal to all citizens, asking them to open their hearts and homes to these children.

There are many in the institution, who are sweet and attractive, and will radiate God's richest blessings and sunshine to the families and homes who take them.

The majority of these children are ready for homes and when you take one of them, you are obeying the injunction of our Savior, who said "Inasmuch as ye have done it unto one of the least of these, ye have done it unto me."

People who are not in a position to give a child good care and attention need not apply, for it is necessary for us to know that our children will be well cared for.

If a large number of these children are placed in the next 30 or 60 days, we can relieve the counties of children who should be sent to us immediately, as it is impossible for us to take them until we place those we now have in the Receiving Home, and we hope that a great many of our Kentucky families will at this special time, find it convenient to take one of these children into their homes.

## MEN'S CLASS IS TAKING ON MUCH ACTIVITY

Brotherhood Bible Class Planning New Quarters at Third Street Church To Care for Growth.

The Brotherhood Men's Bible Class of the Third Street M. E. Sunday School has so far outgrown their present meeting place that they will begin next Monday making the necessary alterations in the balcony of the church auditorium that will fit it for an ideal class room. The men of the class had a meeting Wednesday night and all were enthusiastic over the success of the class in building up its membership.

After going over the situation carefully they decided to go at the matter right—build a class room to take care of the biggest men's class possible to get. They expect to have their new quarters ready for Go-To-Sunday-School-Day and have set their goal for 100 or more men for that day. The pastor, Rev. W. S. Peters, is teacher of the class and it is under his enthusiastic leadership and that of Mr. Duke White, president of the class, and H. Carr Politt, secretary of the class, that it has taken on such large activity.

The good work of the class is shown in all lines of the church's activities, especially in bringing new men into the church services.

## PLANS BEING MADE FOR INTERCHURCH MEETING TUESDAY

Pictures and Addresses at Next Week's Meeting Will Show Survey of Religious Conditions.

Maysville's church people and the public in general will have the opportunity next Tuesday and Wednesday to see and hear something of the great Inter-Church World Movement that is so gripping the religious people of our nation at the present time. At the First Presbyterian church on Tuesday evening will be given a series of pictures showing the results of the surveys made throughout the world. Many of these pictures will deal with conditions right in our home state of Kentucky. The men who are to speak are men who are expert in dealing with the problems facing the church.

One can scarcely pick up a newspaper of any sort these days without seeing in big display advertisements the work of the Inter-Church World Movement outlined. It is simply the getting together of over thirty of the leading denominations and massing their forces to fight the great problems that face the church and to conquer the world for Christ.

That the movement is attracting the greatest area of our country is evident to all who read of the meetings of various sorts in the interest of the movement. Only this week there was held a monster meeting in Cincinnati at which the Governor of Maine, John D. Rockefeller, Jr., A. E. Earl Taylor and many others of equal reputation were present to speak. The people of Maysville should consider themselves fortunate in having our city selected as the place for one of the district conventions. The first meeting will be on Tuesday evening. Then there will be an all-day meeting on Wednesday. A full program of the speakers, their subjects and a general outline of the conference will be given the public in a few days. Everyone who can possibly do so should arrange their affairs so as to be able to attend every one of the services.

"Royal" Waist sale starts at 9 o'clock Saturday morning at Merz Bros.

## PLAN FOR SUNDAY SCHOOL DAY.

The Sunday schools of city and county should make every arrangement possible for Go-To-Sunday-School-Day. The state association will furnish programs in any number to all who apply. It is the plan of the general committee to furnish window cards for all who will use them in advertising for the day. The cards will be size 8x12 and will have on them in large letters "We're Going to Sunday School May 2nd, How About You?" Final arrangements will be made by the committee at a meeting to be held at the home of J. H. Richardson Monday night.

## TOLLESBORO WILL HAVE FINE NEW HIGH SCHOOL BUILDING

State Superintendent of Public Instruction Speaks in Lewis County Town This Evening in Interest of School.

Prof. George F. Colvin, Superintendent of Public Instruction of the state, passed through Maysville today en route to Tollesboro, where he speaks tonight to the residents of that section of Lewis county in regard to the erection and equipment of a first class high school building in that town.

This movement to give to Tollesboro and the surrounding territory a first class high school has been on foot for several months and already a fund of \$14,000 has been raised by the public spirited citizens of that section. An effort is being made to increase the fund to \$21,000 which will finance such a building and such an equipment as the people of that district desire.

While in Maysville this morning Prof. Colvin spoke to many Maysville and Mason county people in regard to the schools here. He said that both Maysville and Mason county were in the forefront in matters educational and he was very proud to learn that the progressive little community of Tollesboro had already taken steps toward the erection of a fine new school building.

In speaking of school legislation during the last session of the General Assembly, Prof. Colvin paid a very high tribute to Dr. W. S. Yazell, Mason county's representative in the assembly. He said that the Tollesboro High School Bill was by far the best school legislation passed during the entire session.

Prof. Colvin will return to Maysville this evening and spend the night here en route to Tollesboro tomorrow morning for breakfast.

## CURES FROM HEALER'S TOUCH ARE REPORTED

Former Pastor of Laurel Church Reports Cures From Hickman's Touch and Prayers at Cincinnati.

Various reports of supposed cures effected by James Moore Hickson, who conducted a healing mission for two days at St. Paul's Episcopal Cathedral, at Cincinnati, were circulated Friday. Rev. James H. Flehling, rector of the Church of the Nativity, Price Hill, former pastor of the local Protestant Episcopal church, said he had heard of an authenticated case of a crippled boy who had attended Hickson's healing mission Wednesday and who on Thursday was able for the first time to get up and dress himself.

Rev. Flehling said another clergyman who was in the cathedral at the time told him of a man partially blind who had gone to the chancel wearing dark glasses and who, when he arose, took the glasses off, saying he did not need them any more.

According to Rev. Stuart Purves, dean of St. Paul Cathedral, a police official informed him Friday his mother, who had been treated by Hickson, had observed beneficial results.

One thousand dollars, including several \$50 bills, were left in contribution boxes at the cathedral as free-will offerings by those who passed under the hands of Hickson.

## GOVERNMENT REFUSES PEACE OFFER OF JAILED STRIKERS

Federal Officials Will Not Consider Offers of Peace Coming From the Strikers Now Held in Bars.

Chicago, April 16.—Outlaw strike leaders, jailed in the government's clean-up yesterday of alleged radicals backing the strike, were expected to propose a compromise to the government today whereby they will call off the strike in return for release and recognition of their organization.

Federal officials indicated there was little prospect of compromise. Though big improvement was noted yesterday the strike by no means was crushed, according to indications today.

Workers still are out in Kansas City, Indianapolis, Detroit, Oklahoma, Texas and Chicago.

Strikers in Cleveland, aroused by charges of radicalism, planned retaliation today by organizing switchmen in neighboring towns. Names of Cleveland strike leaders were forwarded to the department of justice today.

The strike was broken in New York, reports indicated today, following an ultimatum to strikers that their places would be filled Sunday if they were not back on the job. Passenger traffic was normal and freight was moving more rapidly.

A return of strikers throughout the country is expected as soon as the Railway Labor Board, confirmed into yesterday, starts functioning.

INDIAN'S BRIDE HAS SMALLPOX; BIG WEDDING.

Yakima, Wash. — A wedding ceremony was performed on the Yakima reservation with the bride well broken out with smallpox, in a crowded wedding on which a "smallpox" quarantine sign was in plain evidence. The wedding was attended by several hundred Indians from all parts of the reservation, so health officers now anticipate a sudden spread of the scourge, to which Indians are peculiarly susceptible.

Dr. W. B. Abbott, deputy county health officer, going down to see if the family was released from quarantine, came full upon the wedding party. He had no actual jurisdiction over the reservation and says Supt. Don M. Carr of the agency admitted he was powerless to help him. He protested to the Indians, asking them if they did not see the sign, the bridegroom replied, "If them want em, they have em," meanwhile pointing to the smallpox sign as though the entire matter was one of choice whether the disease be caught or not.

## NAME NOTICED ON PIANO BOX AIDS IN TEACHER ROMANCE

Ohio Youth Determined To Win School Teacher For His Bride Is Greatly Aided By Name Seen On Old Piano Box.

Youngstown, Ohio. — "I care for him very much indeed, but I believed his professed attachment for me might only be a passing fancy, so I resolved to lose myself to the world completely, leaving no clue by which he might carry out his oft repeated intention of following me wherever I should go and inducing me to marry him."

"He found me at last upon his return from France, accomplishing what all the police and detectives could not do. And, caring as much for each other as we did, there was really nothing else for us to do, so we were married."

So explained Mrs. Russell L. Richman, formerly Mrs. Mary Heffernan, aged 53 years, Brooklyn school teacher, who dropped from sight two years ago, and who has started housekeeping with her pupil husband, Russell L. Richman, aged 23 years, in Parkwood avenue, here.

Mrs. Heffernan and young Richman, an overseas veteran, were recently married in Warren, Ohio, by the Rev. T. P. Rheinhold, pastor of the First Presbyterian church, after one of the strangest romances in history, involving the flight of the widowed teacher from Brooklyn and from her friends, relatives, and position, in an effort to evade the youthful suitor who would not be denied. Even two years overseas, during which he fought in the Argonne drive, did not dampen the ardor of the Brooklyn youth's love for his teacher, more than twice his own age.

"I made every possible effort to evade the boy," the teacher told Mrs. Hippie. "I told none of my friends or my relatives where I was going, or even that I intended to go. I just disappeared."

Where young Richman was in France he remained for nearly two years. Mrs. Heffernan never wrote him, she said, believing that when he returned from France all would be forgotten and she could return to Brooklyn. However, when Richman returned he at once took up the search. One day he saw a piano box about to be loaded on a truck. It bore the name of the missing teacher. The address given was Massillon, O. Richman found Mrs. Heffernan in that city, and, though she refused at first to see him, he was so persistent that she eventually agreed to meet him. The meeting took place in Cleveland, and again Mrs. Heffernan tried to discourage Richman. He declared, however, that he would never give her up, and she then consented to marry him. They went to Warren and the ceremony was performed there.

"Since his teens he has declared his love for me," Mrs. Heffernan said, "and, though I tried and his parents tried to dissuade him, it was to no avail. He was a persistent lover."

## First Presbyterian Church Annual Canvass

## Give Self and Substance

GOD wants you! Your substance is secondary and will be given willingly when your heart belongs to God.

Have you discussed with your family how much you ought to give your Presbyterian church when the annual canvass for pledges is made?

Money cannot repay God's mercies. He wants service. But money will show to some extent the value you place on the work of the church in the community. It is to the church you look in time of sorrow and trouble. The church stands for the moral good of this town. You cannot do less than support it with a fair proportion of your income.

Presbyterian men, surprise your pastor. Volunteer as a Minute Man, boys' club leader, or as special caller. Take part in prayer meeting. Offer to teach a Sunday school class, and be a prepared teacher. Do your share gladly in the financial canvass. Get into the church and work. Don't forget the canvass in your family prayers.

## FISH HAVE FLU AND PNEU-

**MONIA JUST LIKE FOLKS.**  
Colville, Wash.—"Do fish have the flu? They sure do," says C. J. Rhodes, superintendent of the Stevens county fish hatchery and game farm. "Not only that but they have pneumonia, just like folks, and they die from it, too. This winter we lost many thousands of trout fry just before we re-

moved our last run and cleaned up for the spring run. It was a mystery to us what caused so many losses in the trays, but a microscope discovered in some fry that were yet alive that they were suffering from unusually red and inflamed gills. We saved many by using a moderate solution of salt. The diseases of fish are kindred to those in human flesh and yield measurably to the same treatment, the only exception being in the preparation of the remedies to meet aquatic conditions. The deer in our zoo were also afflicted with the flu and we sustained a loss of a few pheasants and quail from the same cause."

## In 2000 Counties This Month

*The Forces of the Church of Christ  
Will Gather to Face the Facts.*

**I**N 2000 counties in 36 states the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

### A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. The charts and maps will amaze you. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys the program of the Interchurch World Movement is being built.

### What the Movement Is.

This movement is a clearing house for the activities of the "forward movements" of 30 denominations. It is the basis of co-operation for the churches of America in a mighty effort to face the facts revealed in the surveys which are being conducted by the movement.

You, as a minister of the Gospel, or earnest layman vitally interested in the upbuilding of God's kingdom on earth, should know the task which lies ahead and the part which the Interchurch World Movement is to play in facing the situation.

### Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

## GOT MUCH MONEY THROUGH COURTSHIP OF MANY MAIDENS

**Servant Maids in New Jersey Prove Easy Marks for Shrewd Youngster Who Had Gained Their Confidence Through Love.**

New York.—A young man who says he is John Perkins, but who detectives assert has made profitable love to servant girls under many other names, is locked up in Hackensack, N. J., on the specific charge of having stolen a coat valued at \$200 from the home of John H. Emanuel in Englewood, N. J.

The detectives said that Perkins was calling on a Finnish maid in the home of Emanuel, brother-in-law of W. Irving Glover, speaker of the New Jersey assembly, when he was arrested, and that the maid asserted that Perkins had promised to marry her and had borrowed \$500 to help begin house-keeping.

Other Finnish servant girls, the detectives added, were found by them to have had similar experiences with Perkins. Detective Dawson said that it was his belief that Perkins has a wife, and that she sailed for Norway recently with fourteen trunks.

Perkins' aliases, according to the detectives, are John Lockes, John Kaschinen, J. E. Perkins, John Ahonen, Henry Jakela, John Linderman, John Macklun, and Otto Hinkko. He lived at 521 Pacific street, Brooklyn. He is a Finn, and the detectives agreed that their investigation has disclosed that as a successful suitor of Finnish servant girls he was in a class by himself.

Miss Lydia Maki of 25 East Ninety-fourth street, Manhattan, told the police that Perkins followed his promise to marry her with a successful appeal for a loan of \$700, "to buy a home" in Bogota, N. J. Detective Dawson said he found a maid in Irvington who loaned Perkins \$200.

In Perkins' pockets when he was arrested was a deposit book of the Union Dime Savings Bank. Only \$1 in deposits was entered in the cashier's writing. The detectives said that writing in Perkins' hand shows an \$800 bank balance that does not exist.

Receipts for \$1,100 and \$1,200 also were found on Perkins. They were in his handwriting. On the back of a receipt book were the following names, now being checked up as possible victims by the police: Miss Leo Lakes, box 111, Negannee, Mich.; Maude Kallits, Broadway and Eighty-seventh street, Manhattan; Anna Jenkins, 357 Sanford avenue, Flushing, L. I.; Aine Lelili, 233 East Forty-fourth street, Manhattan; and Schina Gampella, 1025 Crumling avenue, Waukegan, Ill.

Detectives working for Prosecutor A. C. Hart of Bergen county are being helped by the New York City police.

Perkins had three gold watches in his pockets and a two stone diamond pin in his tie when he was arrested. He also had a lease for a house in Atlantic Highlands, which was in his own handwriting.

In the old nature worship of various peoples the Easter rabbit and eggs originated. Rabbits and eggs are emblems of fertility; Easter is the spring festival, at which among Latin and Teutonic races, the fruitfulness of nature is worshipped.

France has a weird tradition that on Good Friday all the trees quiver and shudder in dread remembrance of Christ's passion.

**Do You Want Your Kidneys Examined?**

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this cause are 72 per cent more than 80 years ago.

Anybody who suffers constant backache, who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier; live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Ask your neighbor. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Maysville. Here's one:

Mrs. W. A. Schatzmann, 605 E. Second St., Maysville, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at J. J. Good & Son's Drug Store, I have every reason to recommend them. When my kidneys have been irregular in action, or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure an attack."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Probably the only church in the world where Easter eggs are regularly given away to the worshippers is St. Mary Woolth in London. The ceremony has been observed at this church for nearly seven hundred years. For a long time the eggs were provided in accordance with the terms of a legacy left by a certain John Spence, but this legacy has lapsed long since, and the eggs have been supplied by the generosity of successive rectors. Every egg given away bears the words of the text from which the rector preaches on Easter Sunday. Many members of the congregation have preserved their eggs for many years, and possess a long record of the church's Easter texts.

## Aberdeen News

Mr. Ed Hutchison, of Pennsylvania,  
was here the first of the week, looking  
for a location.

Messrs. Carpenter and Lewis have  
purchased the Grant Mill draying busi-  
ness, and are prepared to do business  
for the public upon short notice.

Rev. Baxter, of Warsaw, Ky., and  
Mr. and Mrs. Frank Tolle and little  
daughter, of Maysville, were Sunday  
guests of Mr. and Mrs. Louis Fitch, Jr.  
Quite a number of Maysville people  
took advantage of the ideal weather,  
Sunday, and came over on a sight-see-  
ing trip to Aberdeen.

Next Thursday, evening is the time  
of the high school commencement  
when seven pupils will graduate from  
school.

Mr. and Mrs. James Krale, who  
moved to the country two months ago,  
have returned to Aberdeen to reside.  
If we cannot feel proud of the little  
old snail-creeching Greendale as the  
Cincinnati packet, we can be truly  
thankful that its unearthly and nerve-  
wracking whistle has been changed for  
the harmonious whistle of the Chlo.

As Aberdeen is in such close touch  
with Maysville, and always has its  
shoulder to the wheel that helps Mays-  
ville to move forward, it is very natu-  
ral that Aberdeen should always be  
interested and anxious to see Mays-  
ville progress along all lines, for when  
Maysville prospers, Aberdeen prospers.  
We are always glad to learn of  
new industries coming to Maysville;  
glad to hear that a movement is on  
foot to establish a public market—  
a Council that would oppose such a  
movement is not for the welfare of the  
citizens—and glad to hear of the step  
toward securing pure water. Interest-  
ed parties here, feel that the water  
question will never be rightly solved  
until the city owns the water system.  
We do not mean that it shall purchase  
the present system at ten times its  
value, but we mean it should build a  
new one if necessary, with water-  
works above mudholes and sewer-  
mouths. And, just for information, we

SAYS VOLA-TONIC

HER DAILY WORK

Thirty Years of Toil as a Seamstress  
Broke Down Woman's  
System.

For thirty years, Mrs. Mary Eng-  
land, 2330 Gilbert avenue, Cincinnati,  
O., worked hard as a seamstress and,  
of course, the work finally hurt her  
health.

"My system all over became weak-  
ened and run down," Mrs. England  
said. "I got so I was very nervous. My  
stomach was out of order also and I  
was troubled with constipation."

"I went to the drug store to get  
something that would build me up and  
my druggist recommended Vola-Tonic.  
I got a bottle and started taking it.  
"I honestly believe that if it hadn't  
been for Vola-Tonic I wouldn't be  
working today. Vola-Tonic built up  
my system and brought back my  
strength and has kept me on the job."

"The constipation has left me al-  
most entirely since I started taking  
Vola-Tonic and my nerves are in much  
better condition also."

"I know Vola-Tonic is an excellent  
medicine and, in short, I can't praise  
it too highly for what it did for me."

In thousands of cases Vola-Tonic  
has brought back strength and better  
health to weakened, run down men  
and women. If you are feeling weak  
and run down, try this medicine that  
has helped so many others.

Vola-Tonic is being specially intro-  
duced in Maysville at J. J. Wood &
